Chris - Thanks for intro. Benny - Good to meet you via email. As Chris mentioned, I handle all local government relations issues for USC, and I know you work with either Dan Stimmler and his group or Todd Dickey/Laurie Stone and their groups. I also represent USC on a few local BID's and am the point person on lots of Figueroa Corridor/downtown L.A. Connectivity issues. Let me know if I can send you some dates for a quick intro. meeting. Thanks again.

Subject: Connection

Guys

I want to connect you both.

Benny is an Exec VP at LAFC. David is on point for local community affairs for USC including the Business Improvement District (BID)

Benny - David would like to make the connection on the BID.
